AIRCRAFT APPRAISAL EXPERT

I am a Certified Aircraft Appraisal Expert with a 30-year track record delivering lender and IRS qualified aircraft appraisals for clientele that includes the New York City and Pennsylvania Police departments, US Marshalls, Department of Justice, major banks and general insurers and high net worth individuals. Considered an engaging and honest broker, key expertise includes appraisal of all commercial, military, and private aircraft including helicopters, warbirds and one-of-a-kind aircraft. Delivering private aircraft buyers' agent services both corporate and private; providing expert witness services in State and Federal courts and my love of flying that's what AEROMAX, USA's does.

Areas of expertise include:

- ◆ Certified Aircraft Appraisals
- ◆ Certified Helicopter Appraisals
- ◆ USPAP Compliant
- ◆ IRS Qualified
- ◆ Aircraft Valuation Reports
- ◆ Aircraft Sales
- ◆ Helicopter Sales
- ◆ Aircraft Broker
- ◆ Buyers Agent
- ◆ Escrow Closings
- ◆ Expert Witness
- ◆ State and Federal Courts
- ◆ Litigation Assistance
- ◆ Render Opinions
- ◆ Request Fee Schedule

PROFESSIONAL EXPERIENCE

AEROMAX, USA, Kerrville, TX

1992-PRESENT

Founder and owner of AEROMAX, USA with responsibility for business development, client relations, quotations, managing all aircraft and helicopter appraisals. AEROMAX, USA appraisals conform to the high ethical standards of the Uniform Standards of Professional Appraisal Practice (USPAP) requirements.

Clients include: *The New York City Police Department, Pennsylvania State Police, US Postal Inspector, US Marshals, Department of Justice, General Services Administration, USAA Insurance, Navy Federal Credit Union, AIG Insurance, Mitsubishi Bank, Ornge Global Air. We have also worked with high profile individuals, attorneys, banks, aircraft buyers and sellers. AEROMAX, USA's Certified Appraisals are accepted by all governments and are IRS qualified.*

Key Services:

- ◆ Certified aircraft appraisals that determine current market, wholesale or liquidation value of an aircraft and are IRS qualified and accepted by all banks and insurers.
 - ◆ Retrospective Appraisals to determine what an aircraft was worth on a particular date in the past.
 - ◆ Prospective Appraisals to estimate what the aircraft will be worth at a future date based on economic and industry trends and forecasts.
 - ◆ Damaged Aircraft Analysis and Diminution in Value: analyzing an aircraft damage event to determine whether a diminution in value is warranted and the amount, ensuring all repairs must be completed, documented and the aircraft or helicopter returned to service before a diminution report can be certified.
 - ◆ Expert Witness and litigation assistance as part of the Aircraft Appraisal practice from pre-trial preparation to courtroom including reviewing records; reading all relevant case documents; providing opinions; and acting as expert in the courtroom.
- **At Aircraft Prices, our mission is to provide fast, accurate, and comprehensive aircraft valuation services, ensuring that informed buyers never pay too much. We specialize in delivering precise valuation reports for certified piston aircraft, turboprops, business jets, and helicopters, all accompanied by essential FAA files. \$250 Piston - \$350 Turbine.**
